

Bonaire

24 - 31 July 2010

Come join CochraneScuba and Friends in Bonaire next July. Named #1 shore diving location year after year, and a pioneer in preserving nature, Bonaire is the dream for every diver. Over 80 dive sites, the majority of which are easily accessible by shore, truly make Bonaire the “Shore diving” capital of the world. We’ll be staying at Eden Beach Resort, the only resort on Bonaire that has a beach...400 feet of white sandy beach, just outside your door. Imagine starting out your day eating breakfast on the beach, followed by some of the best diving you will ever experience, then ending your day by sipping your favorite beverage back on the beach. The diving is truly 24/7, unlimited air for as much diving as you can handle. 4-5 dives each day is not unheard of while on Bonaire. If you’re not a diver, then snorkeling is just as fantastic on Bonaire.

This trip will also include dive specialties and Advanced Open Water certifications at reduced prices. More info will follow...

\$739/person – 2 bedroom based on quad occ.

\$839/person – Studio based on double occ.

Both Packages Include:

- 7 nights’ accommodations at Eden Beach Resort – each room has a fully equipped kitchen
